# Final Synthesis Report

- To be produced jointly by the UK and CZ teams by 16th December
- Should include an abridged overview of the major project findings incl. barriers and examples of good (best) practice and recommendations for the ESG Part 1 reformulation (proposal, p. 68)

# Final Synthesis Report

- Policy recommendations – to the E4 Group, QA agencies, (inter)national decision-makers (BFUG, Ministries), HEIs (also students plus street-level staff) (proposal, p. 33, 35, 56)
- Also to (briefly) cover: project organisation and management, underlying theory and methodology

# Possible structure

1. Introduction (incl. rationale, aims and scope of IBAR)
2. Executive summary
3. Management and organisation
4. Theory and methodology
5. Major findings (WP5-12)
6. Identification of barriers and effective practices
7. Conclusions (incl. formulation of policy recommendations)
